

NV980D Embroidery and Sewing Machine

The compact machine with big ideas, the NV980D is designed for all skill levels. Lightweight and portable, it is ideal for home sewing and embroidery.

- LCD touch screen
- Advanced Automatic needle threader
- Extension table
- 70 embroidery designs plus 40 Disney embroidery designs and 126 designs on CD
- 168 built-in sewing stitches
- USB port for memory stick

Be sure of the best stitch quality every time

Manage the NV980D built-in functions via the simple touch screen controls. This computerised sewing machine is feature packed and offers 168 built-in utility, decorative, satin and cross stitches that allow you to sew perfect seams on any weight of fabric.

Super Bright LED Light

A bright, but gentle on the eye light, makes it easier to work on dark fabrics.

Simple Winding

Makes winding bobbins quick and easy.

Advanced Automatic Needle Threading

Drop in Bobbin

Just drop a full bobbin and you are ready to sew.

7 Point Feed

Extra teeth provide a smooth feeding action and superior stitch quality on any weight of fabric.

Presser Foot Levelling Button

Keeps the presser foot level for smooth, consistent stitching over changing fabric thickness, such as the start of a seam or crossing seams.

Wide range of built-in embroidery designs and stitch patterns...

Plus 126 extra embroidery designs on a CD

Handy Central Controls

For ease of use, all operating buttons are on one convenient panel.

- Thread cutter
- Speed control
- Needle position up/down
- Start/Stop function
- Reverse sewing

USB Port

Just insert a USB memory stick and load your embroidery design directly to the machine.

Embroidery Card Slot

Built-in embroidery card slot to take advantage of the Brother Embroidery Card Library.

Extension Table

The convenient extension table enables you to sew larger projects more smoothly and is also a cover for the embroidery unit.

The compact machine with big ideas...

Designed for all skill levels, the NV980D is the ideal machine for all your home sewing and embroidery needs. Enjoy using the many built-in decorative stitches and embroidery designs to personalise your projects. Lightweight and portable to take with you when you travel to classes or to family and friends!

LCD touch screen

Manage the NV980D built-in functions via the simple touch screen controls.

Follow the animated step by step instructions to quickly learn how to use the many built-in functions.

Can't find that special stitch? Create your own stitch designs directly on the LCD panel and save it to memory for future use.

Powerful editing features include the layout, pattern rotation in 1°, 10° & 90°, mirror imaging and scaling between 90 - 110%.

With 168 utility, decorative and combinable stitches and 3 sewing fonts to choose from, you will be spoilt for choice! You can reverse stitches, adjust their length and width, program reinforcement stitches and even program the thread cutter.

The NV980D even alerts you to oversights. For example, if the presser foot lever has not been lowered, an audible sound, together with a displayed message will notify you. It will even tell you when the bobbin thread is running out.

The NV980D allows you to combine decorative stitches for greater variety and creativity.

196 embroidery designs

There are 70 built-in embroidery designs for the 100 mm x 100 mm embroidery area, including floral designs, seasonal designs and holiday themes. An additional 126 designs are supplied on CD.

An additional 40 unique embroidery designs featuring your favourite Disney characters!

Large Selection of stitches

Utility and decorative stitches...

Choose from 168 built-in stitches, including utility, decorative, satin, cross stitch and combinable stitches, including 10 one-step buttonhole styles, to make your sewing experience simple and fun.

Built-in monogramming fonts...

Built-in monogramming fonts make it easy for you to personalise all of your sewing and embroidery projects.

- 6 embroidery fonts with adjustable size, angle and layout
- 3 sewing fonts with character spacing adjustments using the touch screen

Patterned frame shapes...

Create 120 different variations of border patterns using the 10 built-in shapes and 12 border stitches.

What's in the box...

Extensive Accessories

Hard Cover

Embroidery Unit

Optional Accessories

Walking Foot

Ensures an even feed action when sewing multiple layers of fabric or when matching fabric pins.

Open Toe Quilting Foot

The large opening on the front of the foot gives you wide visibility in the needle area. Use for free-motion, outline quilting, etc.
