PALERMO 5

my
city

my
bernette

Your creative companion for mending, quilting, crafting & dressmaking.

With 60 stitches to choose from, including 36 decorative stitches, your imagination will run wild. Edit the length and width of your stitches and even mirror image them, before saving them to memory to use again later.

Programme your favourite stitches into a stitch building pattern. Select from one of 6 automatic buttonholes and match to your button size in an instant.

Sew at your own speed with a simple adjustment of the slide speed control and enjoy the flexibility of using the start/stop button instead of the foot control – invaluable when sewing long pattern sequences.

With handy on screen help button, the bernette Palermo 5 is so easy to use, you can look forward to hours and hours of carefree sewing.
